Subject: Certificate issued to Mercedes-Benz Bluetec II (SCR) vehicle
Date: 03/31/2008 10:38 AM

Margo,

I wanted to let you know that the Mercedes-Benz GL320 Bluetec (SCR) confirmatory test vehicle was tested last week at NVFEL over the FTP, highway cycle, and US06 cycle and passed all tests. The vehicle has been released back to Mercedes.

The next light-duty diesel SCR vehicle to be confirmatory tested at NVFEL will be either a BMW or VW within the next couple of months.

Regards,
Linc
